

Launching Wheels

For easy boat transport.

 **MADE IN GERMANY**

www.suprod.de

Launching Wheels SUPROD allow easy boats movement by single person. They will tremendously save your time and efforts whenever you bring your boat from and to water.

Products Overview

Model	Static Load Capacity per Pair	Material	Wheel Diameter	Features	Page
LD160	80 kg	Stainless Steel A2	160 mm	- unique folding function - puncture-proof wheels - ideal for small boats	4 - 5
MD200	120 kg	Stainless Steel A2 / A4	200 mm	- unique folding function - puncture-proof wheels of various colors	6 - 7
ET200	140 kg	Stainless Steel A2	200 mm	- easy folding function - puncture-proof wheels of various colors	8 - 9
ET260	140 kg	Stainless Steel A2	260 mm	- easy folding function - puncture-proof wheels of various colors	10 - 11
ET350	140 kg	Stainless Steel A2	350 mm	- easy folding function - puncture-proof wheels - extra large	12 - 13
HD200	200 kg	Stainless Steel A2 / A4	200 mm	- extra strong design - comfortable folding function - puncture-proof wheels of various colors	14 - 15

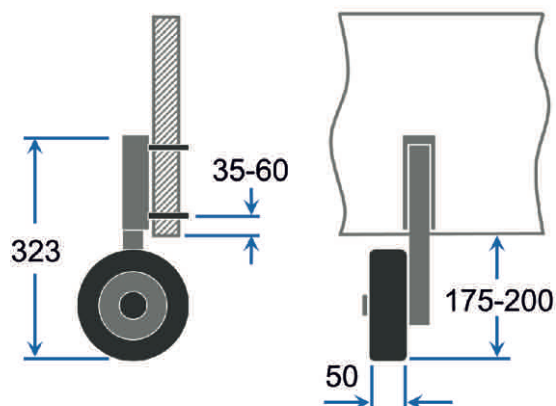

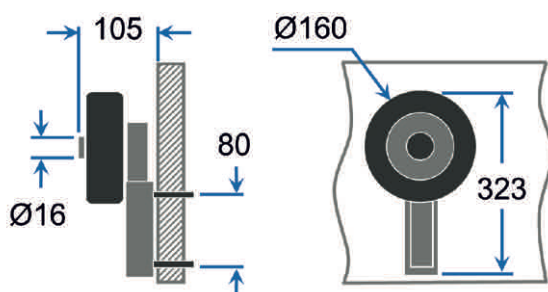

Product Features

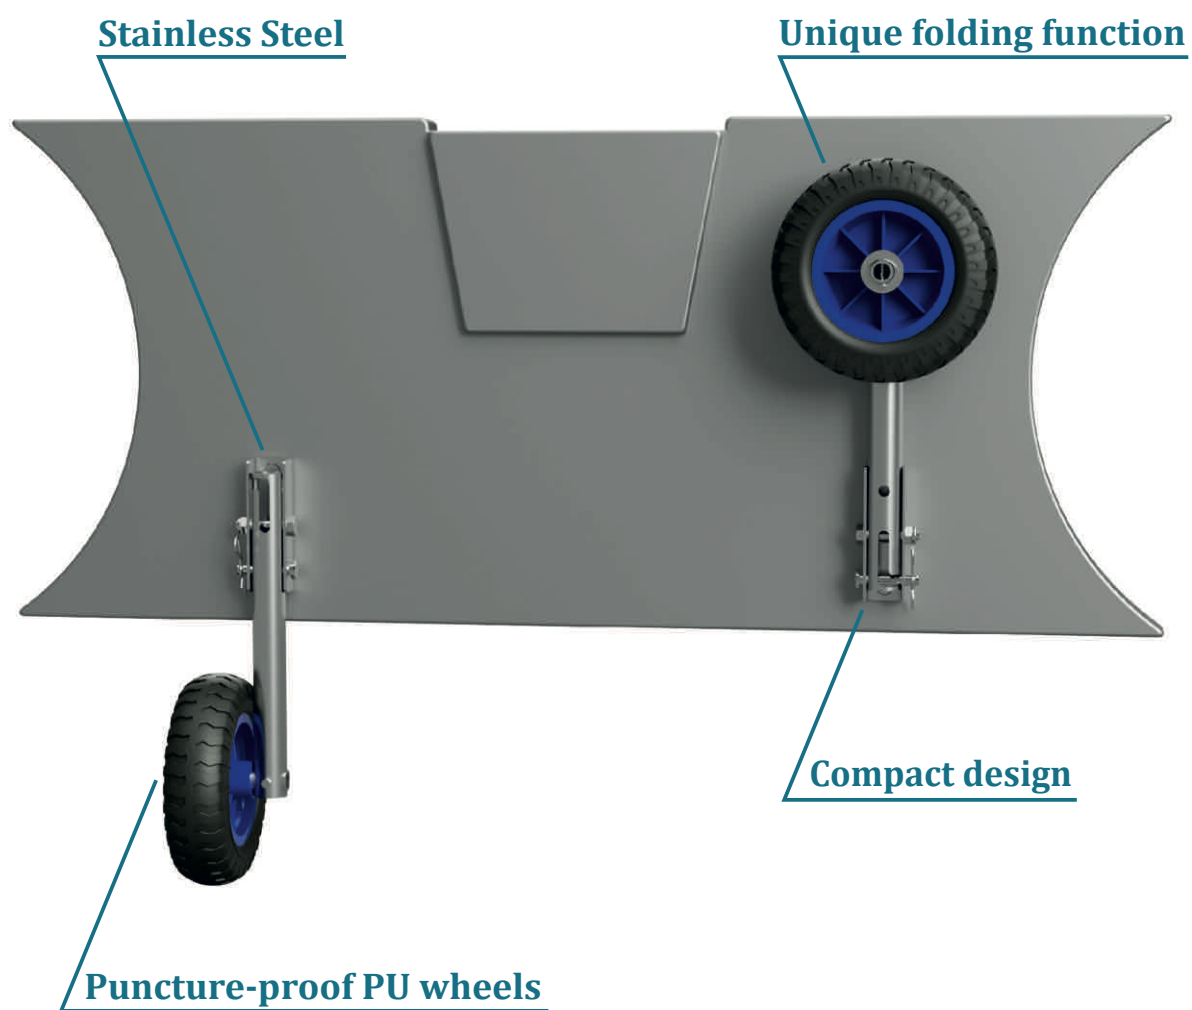

- Unique folding function
- Ideal for small dinghies
- Simple installation and operation
- Ergonomic design
- Suitable for boats with outboard motor
- No obstruction during journey on water
- Compatible with splash protections
- Puncture-proof PU wheels Ø 160 mm
- Equipped with rubber seals
- Made of stainless steel
- Maintenance free and corrosion resistant
